Case Number 04-2009-202533

**Public Letter of Reprimand**

An investigation by the Medical Board of California concluded that you prescribed high doses of stimulant medication to a patient that exceeded the maximum dosage recommended by the Food and Drug Administration, failed to provide informed consent concerning the use of combined stimulants and failed to adequately monitor the stimulant medication, both in strength and quantity.

These actions constitute a violation of California B&P Code sections 725 and 2234(b).

Pursuant to the authority of the California Business and Professions Code section 2233, you are hereby issued this Public Letter of Reprimand by the Medical Board of California.
