RE: Physician's and Surgeon's Certificate No. A 46695
Case Number 09-2011-214752

Public Letter of Reprimand

An investigation by the Medical Board of California revealed that you were grossly negligent and incompetent in the care and treatment of a patient with complaints of sleep deprivation and anxiety. Your medical care and treatment provided to the patient represents an extreme departure from the standard of care in the appropriate serology monitoring for a patient who has been prescribed lithium. Your inaccurate psychiatric record documentation represents a simple departure from the standard of care.

These actions are in violation of California B&P Code sections 2234(b), 2234(d) and 2264.

Pursuant to the authority of the California Business and Professions Code section 2233, you are hereby issued this Public Letter of Reprimand by the Medical Board of California.

Linda K. Whitney
Executive Director
