BRIEF SUMMARY OF OCCURRENCE WHICH CREATED CLAIM:

Pt was referred to Insd for depression because his 8 month old son died from an overdose. Insd first seen pt 7/1/82 & was treated with medication. Pt returned in one week & Insd gave prescription for the same medication but to take 3 tablets POHS instead of 1. Pt took prescription to the pharmacist & the pharmacist when filling made an error making it 3 tablets every PCHS. The next day pt seen in ER for over dose. Pt discharged but was to return. Pt never came back. Pt refused blood sample. Now atty requests records.
