RECOMMENDED DECISION

The Composite State Board of Medical Examiners ("Petitioner" or "Board") initiated this matter for the purpose of sanctioning Respondent's medical license. Specifically, Petitioner seeks the revocation of Petitioner's medical license. The hearing was held on December 16, 2008.

I. Findings of Fact

1.

Respondent currently holds a license to practice medicine in the State of Georgia and was licensed at all times relevant to the matters asserted hereto. Respondent is a psychiatrist.

2.

On or about July 7, 2008, Respondent entered a guilty plea in the Superior Court of Gordon County, Georgia to the charge of harassing phone calls to a former patient's husband. Pet. Ex. 2.

3.

On or about November 3, 2008, Respondent entered a guilty plea in the Superior Court of Gordon County, Georgia to the charge of aggravated stalking and was sentenced to five years probation with a special condition of probation that Respondent was prohibited from having contact with the former patient's husband and his family except through court proceedings and Respondent was required to continue psychiatric treatment. Pet. Ex. 3.

4.

On or about July 11, 2008, the Board issued an Order of Summary Suspension.
Pet. Ex. 1A, 1B.

II. Conclusions of Law

1.

This case involves an action by the Board to sanction the license of Respondent. Therefore, the burden of proof is on the Board. OSAH Rule 616-1-2-.07. The standard of proof is by a preponderance of the evidence. OSAH Rule 616-1-2-.21(4).

2.

The Board is authorized to and has a duty to control and regulate the practice of medicine and this power includes the suspension, revocation and restriction of licenses to engage in the practice of medicine. *See generally*, O.C.G.A. Title 43, Chapter 34.

3.

Under O.C.G.A. §§ 43-1-19 and 43-34-37, Petitioner is granted the authority to sanction the license of a person licensed by the board upon a finding that the person has been convicted of any felony or of any crime involving moral turpitude.

O.C.G.A. § 43-1-19(a) provides that:

A professional licensing board shall have the authority to refuse to grant a license to an applicant therefor or to revoke the license of a person licensed by that board or to discipline a person licensed by that board, upon a finding by a majority of the entire board that the licensee or applicant has:

(3) Been convicted of any felony or of any crime involving moral turpitude in the courts of this state or any other state, territory, or country or in the courts of the United States; as used in this paragraph and paragraph (4) of this subsection, the term "felony" shall include any offense which, if committed in this state, would be deemed a felony, without regard to its designation elsewhere; and, as used in this paragraph, the term "conviction" shall include a finding or verdict of guilty or a plea of guilty, regardless of whether an appeal of the conviction has been sought;

(6) Engaged in any unprofessional, immoral, unethical, deceptive, or deleterious conduct or practice harmful to the public, which

conduct or practice materially affects the fitness of the licensee or applicant to practice a business or profession licensed under this title, or of a nature likely to jeopardize the interest of the public, which conduct or practice need not have resulted in actual injury to any person or be directly related to the practice of the licensed business or profession but shows that the licensee or applicant has committed any act or omission which is indicative of bad moral character or untrustworthiness; unprofessional conduct shall also include any departure from, or the failure to conform to, the minimal reasonable standards of acceptable and prevailing practice of the business or profession licensed under this title.

4.

Likewise, O.C.G.A. § 43-34-37(a) provides:

The board shall have authority to refuse to grant a license to an applicant or to discipline a physician licensed under this chapter or any antecedent law upon a finding by the board that the licensee or applicant has:

(3) Been convicted of a felony in the courts of this state or any other state, territory, country or of the United States. As used in this paragraph, the term "conviction of a felony" shall include a conviction of an offense which if committed in this state would be deemed a felony under either state or federal law, without regard to its designation elsewhere. As used in this paragraph, the term "conviction" shall include a finding or verdict of guilt, a plea of guilty, or a plea of nolo contendere in a criminal proceeding, regardless of whether the adjudication or guilt or sentence is withheld or not entered thereon;

(4) Committed a crime involving moral turpitude, without regard to conviction; the conviction of a crime involving moral turpitude shall be evidence of the commission of such crime. As used in this paragraph, the term "conviction" shall have the meaning prescribed in paragraph (3) of this subsection. For the purpose of this chapter, a conviction or plea of guilty or of nolo contendere to a charge or indictment by either federal or state government for income tax evasion shall not be considered a crime involving moral turpitude;

(11) Committed any act or omission which is indicative of bad moral character or untrustworthiness;

5.

O.C.G.A. § 43-34-37(b)(1) provides:

When the Board finds that any person is unqualified to be granted a license or finds that any person should be disciplined pursuant to subsection (a) of this code section, the board may take any one or more of the following actions:

(E) Revoke any license.

6.

- Here, Respondent has a license to practice medicine in the State of Georgia that has been suspended. Respondent pled guilty to one count of harassing phone calls and one count of aggravated stalking, will be on probation for five years, and is ordered to undergo ongoing psychiatric treatment. Respondent argued that a pending divorce, serious medical conditions, financial difficulties, and inadequate office staff caused him extreme stress during the time period he engaged in the actions which led to the criminal charges at issue to be brought against him. However, Respondent is a convicted felon and the nature of his offenses is troubling in that they are directly related to one of Respondent's previous patients. As a psychiatrist, Respondent is in a profession where patients are in a vulnerable position and can be greatly harmed.

7.

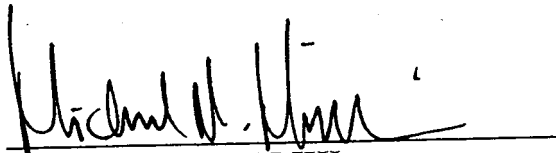

Respondent also argued that the First Offender Act, O.C.G.A. § 42-8-60, *et seq.*, prohibits the revocation of his license based on a first offender conviction. However, by enacting O.C.G.A. §§ 43-1-19 and 43-34-37, the Georgia legislature has expressed its intent that first offender convictions may be considered as the basis for denial of a licensure application or revocation of a license. *See* O.C.G.A. § 1-3-1(a); *Miller v. Georgia Ports Auth.*, 266 Ga. 586, 587 (1996) ("All statutes relating to the same subject matter are construed together to ascertain the legislature's intention unless the statutory language is clear."); *TEC America, Inc. v. DeKalb County Bd. of Tax Assessors*, 170 Ga. App. 533, 537 (1984) ("From the addition of words it may be presumed that the legislature intended some change in the existing law [Cit.]."). Indeed, O.C.G.A. § 43-1-19(a)(4) explicitly references the First Offender Act and states the legislature's explicit intent to allow a first offender conviction to serve as the basis for the revocation of a

license. Therefore, Respondent's first offender conviction is grounds for the revocation of his license. Accordingly,

III. Decision

In accordance with the foregoing Findings of Fact and Conclusions of Law, the Court recommends Respondent's license to practice medicine in the State of Georgia be revoked.

SO ORDERED December 16, 2008.

**MATTERS ASSERTED AND
STATUTES AND RULES INVOLVED**

Pursuant to O.G.G.A. § 50-13-13, the Composite State Board of Medical Examiners ("the Board") hereby provides Respondent with the matters asserted and the statutes and rules involved for purposes of revocation of Respondent's license to practice medicine. The matters asserted below, if correct, constitute sufficient grounds for the imposition of sanctions against Respondent's license to practice medicine.

MATTERS ASSERTED

1.

Respondent is licensed to practice as medicine in the State of Georgia and was licensed at all times relevant to the matters stated herein.

2.

During and between the dates of January 1, 1996, and December 31, 2007, Respondent treated patient M.S. for obsessive compulsive disorder [OCD].

3.

During therapy sessions with patient M.S., Respondent discussed his own personal issues, including detailed confrontations Respondent had had with his wife.

4.

Respondent admitted that he repeatedly sent electronic messages of a personal nature to patient M.S. For example, on or about August 16, 2007 at about 5:11 a.m., Respondent sent an email to patient M.S. in which Respondent stated, "you are like family" and "Thank you for talking the other day it sure helps talking to you – you should send a bill for that session. You would probably make a better shrink than me..." Similarly, on or about Sunday, August 19, 2007 at about 3:09 (a.m. or p.m. not indicated) Respondent sent an electronic message to patient M.S. which stated, "Thank you for talking today" and "I know I am the shrink but today you were the shrink and a good friend." Also, on or about August 22, 2007 at about 10:34 p.m., Respondent sent an electronic message to patient M.S. stating, "I know may-be it does not completely follow all of the rules; but I can not help it I love just seeing your name on my e-mail. ... I have seen over 6,000 patients ... but there has always been some thing very special and unique about you." And, on or about August 24, 2007 at about 12:21 a.m., Respondent sent an electronic message to patient M.S. stating, "I hate to hear you are crying --- I know it is wrong but it makes me want to hold you and tell you it will be ok and you are wonderful and appreciated." Furthermore, on or about August 26, 2007, and August 27, 2007, Respondent sent an electronic message to patient M.S. stating, "I am going crazy just wondering if you are ok."

5.

During or between the dates of August 1, 2007, and August 30, 2007, patient M.S. communicated to Respondent that she would no longer have any contact or communication with him.

6.

Respondent admitted that he had lashed out in an unprofessional manner towards patient M.S. During or between the dates of August 1, 2007, and September 30, 2007, Respondent made one or more threats to patient M.S. and/or patient M.S.'s husband. In one or more of those communications, Respondent stated, "There's nothing more dangerous than a shrink who has nothing to lose."

7.

On or about August 31, 2007, a warrant was issued for Respondent's arrest on the charge of terroristic threats and acts in violation of O.C.G.A. § 16-11-37. On or about September 1, 2007, as a condition of bond, Respondent was ordered not to have any contact with patient M.S.'s husband or their family.

8.

On or about April 14, 2008, Respondent was ordered to undergo a mental and physical examination. The examination was conducted on June 29, 2008, through July 3, 2008.

9.

The results of the aforementioned examination indicated that Respondent is not able to practice medicine with reasonable skill and safety to patients.

10.

On or about June 2, 2008, one or more warrants were issued for Respondent's arrest on the charges of aggravated stalking and harassing phone calls. The warrants alleged that Respondent had violated the September 1, 2007, bond order by contacting a member of patient M.S.'s family.

11.

On July 7, 2008, Respondent entered a negotiated guilty plea in the Superior Court of Gordon County to one count of harassing phone calls. State v. Anthony Craig Allee, Criminal Action No. 9122 (Superior Court of Gordon County, Georgia July 7, 2008). Respondent was sentenced to 12 months probation. As a special condition of probation, Respondent was ordered not to practice psychiatry until further order of the court and not to have any contact whatsoever with any individual in patient M.S.'s household, directly or indirectly.

12.

On or about July 11, 2008, the Board issued an Order of Summary Suspension. On or about July 25, 2008, Respondent was served with the Order of Summary Suspension.

STATUTES AND RULES INVOLVED

1.

Sanction of Respondent's license is sought pursuant to O.C.G.A. § 43-34-37(a), which provides that the board shall have authority to refuse to grant a license to an applicant or to discipline a physician licensed under that chapter or any antecedent law upon a finding by the Board that the licensee or applicant has:

- (4) Committed a crime involving moral turpitude, without regard to conviction; the conviction of a crime involving moral turpitude shall be evidence of the commission of such crime;

(7) Engaged in any unprofessional, unethical, deceptive, or deleterious conduct or practice harmful to the public, which conduct or practice need not have resulted in actual injury to any person. As used in this paragraph, the term "unprofessional conduct" shall include any departure from, or failure to conform to, the minimal standards of acceptable and prevailing medical practice and shall also include, but not be limited to, the prescribing or use of drugs, treatment, or diagnostic procedures which are detrimental to the patient as determined by the minimal standards of acceptable and prevailing medical practice or by rule of the board;

(10) Violated or attempted to violate a law, rule, or regulation of this state, any other state, the board, the United States, or any other lawful authority without regard to whether the violation is criminally punishable, which law, rule, or regulation relates to or in part regulates the practice of medicine, when the licensee or applicant knows or should know that such action is violative of such law, rule, or regulation;

(11) Committed any act or omission which is indicative of bad moral character or untrustworthiness; and

(13) Become unable to practice medicine with reasonable skill and safety to patients by reason of illness or use of alcohol, drugs, narcotics, chemicals, or any other type of material, or as a result of any mental or physical condition.

(A) In enforcing this paragraph the board may, upon reasonable grounds, require a licensee or applicant to submit to a mental or physical examination by physicians designated by the board. The results of such examination shall be admissible in

any hearing before the board, notwithstanding any claim of privilege under a contrary rule of law or statute, including, but not limited to, Code Section 24-9-21. Every person who shall accept the privilege of practicing medicine in this state or who shall file an application for a license to practice medicine in this state shall be deemed to have given his consent to submit to such mental or physical examination and to have waived all objections to the admissibility of the results in any hearing before the board, upon the grounds that the same constitutes a privileged communication.

2.

Pursuant to O.C.G.A. § 43-1-19, as amended:

(a) A professional licensing board shall have the authority to refuse to grant a license to an applicant therefor or to revoke the license of a person licensed by that board or to discipline a person licensed by that board, upon a finding by a majority of the entire board that the licensee or applicant has:

(4) Been arrested, charged, and sentenced for the commission of any felony, or any crime involving moral turpitude, where:

(A) First offender treatment without adjudication of guilt pursuant to the charge was granted; or

(B) An adjudication of guilt or sentence was otherwise withheld or not entered on the charge, except with respect to a plea of nolo contendere. The order entered pursuant to the provisions of Article 3 of Chapter 8 of Title 42, relating to probation of first offenders, or other first offender treatment shall be conclusive evidence of arrest and sentencing for such crime;

(6) Engaged in any unprofessional, immoral, unethical, deceptive, or deleterious conduct or practice harmful to the public, which conduct or practice materially affects the fitness of the licensee or applicant to practice a business or profession licensed under this title, or of a nature likely to jeopardize the interest of the public, which conduct or practice need not have resulted in actual injury to any person or be directly related to the practice of the licensed business or profession but shows that the licensee or applicant has committed any act or omission which is indicative of bad moral character or untrustworthiness;

(8) Violated a statute, law, or any rule or regulation of this state, any other state, the professional licensing board regulating the business or profession licensed under this title, the United States, or any other lawful authority (without regard to whether the violation is criminally punishable), which statute, law, or rule or regulation relates to or in part regulates the practice of a business or profession licensed under this title, when the licensee or applicant knows or should know that such action is violative of such statute, law, or rule; or violated a lawful order of the board previously entered by the board in a disciplinary hearing, consent decree, or license reinstatement;

(10) Displayed an inability to practice a business or profession licensed under this title with reasonable skill and safety to the public or has become unable to practice the licensed business or profession with reasonable skill and safety to the public by reason of illness, use of alcohol, drugs, narcotics, chemicals or any other type of material.

3.

Sanction of the Respondent's license is sought pursuant to Board Rule 360-3-.02, which provides that the Board has the authority to discipline a licensee for unprofessional conduct. This Rule provides, in part, that unprofessional conduct shall include but not be limited to:

(8) Committing any act of sexual intimacy, abuse, misconduct, or exploitation of any individual related to the physician's practice of medicine regardless of consent.

(13) Practicing medicine while mentally, physically, or chemically impaired.

(18) Any other practice determined to be below the minimal standards of acceptable and prevailing practice.

4.

Pursuant to O.C.G.A. § 43-34-37(b)(1), when the Board finds that any person is unqualified to be granted a license or finds that any person should be disciplined pursuant to subsection (a) of this Code section, the board may take any one or more of the following actions:

(A) Refuse to grant a license to an applicant;

(C) Suspend any license for a definite period;

(D) Limit or restrict any license;

(E) Revoke any license; or

(F) Condition the penalty, or withhold formal disposition, upon the physician's submission to the care, counseling, or treatment of physicians or other

professional persons, and the completion of such care, counseling, or treatment, as directed by the board.

5.

O.C.G.A. § 43-1-19(d) provides that when a professional licensing board finds that any person should be disciplined pursuant to subsection (a) of this Code section or the laws, rules, or regulations relating to the business or profession licensed by the board, the board may take any one or more of the following actions:

- (1) Refuse to grant or renew a license to an applicant;
- (3) Suspend any license for a definite period or for an indefinite period in connection with any condition which may be attached to the restoration of said license;
- (4) Limit or restrict any license as the board deems necessary for the protection of the public;
- (5) Revoke any license; or
- (7) Impose a fine not to exceed \$500.00 for each violation.
