STIPULATION AND RECOMMENDATION FOR SETTLEMENT

The Department by Daniel L. Starkman, its attorney, and Paulette C. Trumm, Petitioner, having been advised of her right to secure counsel, and having voluntarily waived said right, submit the following Stipulation and Recommendation for Settlement to the Medical Disciplinary Board for its approval and favorable recommendation to the Director.

STIPULATION OF FACTS

1. On May 1, 1986, Petitioner was issued a physician and surgeon license, No. 036-072698. Said license was issued with an indefinite term of probation imposed on Petitioner and the requirements that she undergo continuing psychiatric treatment with a Board-Certified psychiatrist and that said psychiatrist submit regular reports to the Department regarding Petitioner's condition (Order #86-236). Since that time, Petitioner has complied with said conditions and her

treating psychiatrist, Richard S. Goldberg, M.D., of 505 North Lake Shore Drive, Chicago, Illinois 60611, has submitted a report (See attached Exhibit #1, incorporated herein by reference) indicating that, in his professional opinion, continuing treatment is not "in any way essential for her work". On April 27, 1987, Petitioner submitted, at the Department's request, to a psychiatric evaluation by John Adams, M.D., of 707 North Fairbanks Court, Chicago, Illinois, a Board-Certified psychiatrist. His report (See attached Exhibit #2, incorporated herein by reference) confirms the opinion of Dr. Goldberg that Petitioner is in no way a threat to any patient or the community.

RECOMMENDATION FOR SETTLEMENT

2. In the interest of a prompt and just settlement in this matter in a manner consistent with the public interest and in light of the responsibilities of the Medical Disciplinary Board, the Department and the Respondent offer the following program for approval by the Medical Disciplinary Board: that the physician and surgeon license of Paulette C. Trumm be restored to good standing and that the probation and conditions thereof currently imposed on her license be vacated.

I have read this Stipulation and Recommendation for Settlement and have fully discussed it with my attorney. I agree to be bound by its terms.

STATE OF ILLINOIS

DEPARTMENT OF REGISTRATION AND EDUCATION

IN RE THE LICENSE APPLICATION OF)
PAULETTE C. TRUMM, M.D., Petitioner) No. 86-236

CONSENT ORDER

86-788

The Department of Registration and Education, by Daniel L. Starkman, one of its attorneys, and Paulette C. Trumm, Respondent, hereby agree to the following:

STIPULATIONS

That on April 9, 1986, the Illinois Examining Committee reviewed the physician and surgeon license application of Paulette C. Trumm, M.D. On that date it issued a written report making certain findings of fact and a recommendation to the Director concerning the propriety of granting aforesaid application. The Committee made the following findings:

1. Dr. Trumm is a graduate of the Medical College of Wisconsin, receiving an M.D. degree on June 30, 1983.
2. Dr. Trumm did hold permanent medical licensure in the State of Maryland, date of issuance was December 30, 1984, and its expiration date was September 30, 1985. License was issued by the National Boards and written examination, and license was active and in good standing between the effective dates as listed above.

3. On June 19, 1985, Dr. Trumm had completed 14 months of psychiatric training at the Sheppard and Enoch Pratt Hospital, Towson, Maryland.
4. Dr. Trumm has taken the National Board of Medical Examiners examination becoming certified on July 2, 1984.
5. Dr. Trumm answered question 7(a), on the personal history information portion of the application, affirmatively. She indicates that she has been treated for depression. The Board received a letter of explanation from Phillip R. Hirsch, M.D., Dr. Trumm's treating physician. He indicated Dr. Trumm was an inpatient at Taylor Manor Hospital, Ellicott City, Maryland. Patient received psychoactive medication while hospitalized there and demonstrated satisfactory improvement. She was discharged in June 1985 and her mental status at that time demonstrated no evidence of depression. Dr. Hirsch states he has known Dr. Trumm for the past two years as a resident at a nearby psychiatric facility and had occasion to share cases and to discuss other matters related to the field of psychiatry. Dr. Hirsch believes Dr. Trumm to be a very intelligent, motivated, and professional individual and has no reservations whatsoever about Dr. Trumm's ability to function in an ethical and responsible fashion. Dr. Hirsch has

submitted a curriculum vitae because he is not Board certified.

6. Moreover, Dr. Trumm indicated to the Medical Examining Committee, during an interview, that she had been in a residency training program at Mercy Hospital in the City of Chicago, State of Illinois, since July 1, 1985, without the requisite temporary certificate of registration.
7. That Paulette Trumm, M.D., is currently under the psychiatric care of a Richard S. Goldberg, M.D., 505 North Lake Shore Drive, Chicago, Illinois 60601.

Respondent stipulates to the truth and accuracy of the foregoing findings.

Based on the foregoing findings, the Illinois Medical Examining Committee recommended to the Director that the applicant be approved for licensure on the basis of National Board endorsement with the condition that her treating psychiatrist, namely aforesaid Dr. Goldberg, or a successor treating psychiatrist submit semi-annual reports to the Department of Registration and Education concerning Dr. Trumm's status of treatment.

Paulette C. Trumm has demonstrated to the Illinois Medical Examining Committee that issuance of a physician and surgeon license to her would be in the public interest, but given the aforesaid violations of the Medical Practice Act, Paulette C. Trumm acknowledges that some discipline of that

license is warranted. Respondent and the Department have agreed, in order to resolve this matter, that Paulette C. Trumm be permitted to enter into a Consent Order with the Department, providing for the imposition of disciplinary measures which are fair and equitable in the circumstances and which are consistent with the best interests of the People of the State of Illinois.

Respondent has been advised of the right to have the aforesaid violations reduced to written charges, the right to a hearing, the right to contest any charges brought, and the right to administrative review of any order resulting from a hearing. Respondent knowingly waives each of these rights as well as waiving any right to administrative review of this Consent Order.

CONDITIONS

WHEREFORE, the Department through Daniel L. Starkman, its attorney, and Paulette C. Trumm, through her attorney, Richard Schencker, agree:

That a physician and surgeon license be issued to Paulette C. Trumm, but that said license be placed on probation for an indefinite period of time with the following conditions:

1. That Paulette C. Trumm is required to undergo and/or continue with psychiatric treatment by a board certified psychiatrist;
2. That Paulette C. Trumm is responsible for ensuring that said treating psychiatrist timely submit directly to the Department at the address below written reports detailing said psychiatrist's treatment of, and findings of condition of, Paulette C. Trumm during the reporting period and

the prognosis of Paulette C. Trumm's condition as of the last day of the reporting period. Said reporting periods shall cover a six-month period beginning on the day this Order is signed by the Director and shall continue on a successive and indefinite basis. They shall be submitted to Disciplined Physicians Monitoring Unit, Illinois Medical Disciplinary Board, P.O. Box 7047, Springfield, Illinois 62791. Paulette C. Trumm may petition the Medical Disciplinary Board of the Illinois Department of Registration and Education to vacate probation and/or its conditions when she has satisfactory evidence that she no longer requires psychiatric care. However should said reports reveal any unsatisfactory condition of Paulette C. Trumm, M.D., then the Medical Disciplinary Board may, after providing Respondent with notice and an opportunity to be heard, impose a greater level of discipline upon Paulette C. Trumm including but not limited to a suspension or revocation of said license.

Respondent shall immediately surrender said certificate of registration and all indicia of licensure to the Department of Registration and Education of the State of Illinois for appropriate marking to reflect the foregoing probationary status.

This Consent Order shall become effective on the date that it is approved by the Director of the Department.
