CONSENT ORDER

The Department of Professional Regulation by Sherrie L. Shade, one of its attorneys, and Julius Clyne, M.D., Respondent, hereby agree to the following:

STIPULATIONS

Julius Clyne, M.D., is licensed as a Physician and Surgeon in the State of Illinois, holding license No. 036-051099. At all times material to the matter set forth in this Consent Order, the Department of Professional Regulation of the State of Illinois had jurisdiction over the subject matter and parties herein.

Information has come to the attention of the Department that Respondent used pre-signed blank prescriptions and allowed an employee social worker to write prescriptions.

The allegation(s) as set forth herein, if proven to be true, would constitute grounds for suspending or revoking Respondent's license as a Physician and Surgeon, on the authority of Illinois Revised Statutes (1991), Chapter 111, paragraph(s) 4400-22(A)(13), 4400-22(A)(5) and 4400-22(A)(32).

As a result of the foregoing allegation(s), the Department held a Disciplinary Conference at the offices of the Department, 100 West Randolph Street, Suite 9-300, Chicago, Illinois 60601 on July 26, 1994. Respondent appeared in person on that date represented by John J. Vassen. Dr. McCracken appeared as a member

of the Medical Disciplinary Board of the State of Illinois and Sherrie L. Shade appeared as an attorney for the Department.

Respondent neither admits nor denies the allegation(s) for purposes of this Consent Order.

Respondent has been advised of the right to have the pending allegation(s) reduced to written charges, the right to a hearing, the right to contest any charges brought, and the right to administrative review of any Order resulting from a hearing. Respondent knowingly waives each of these rights, as well as any right to administrative review of this Consent Order.

Respondent and the Department have agreed, in order to resolve this matter, that Julius Clyne, M.D., be permitted to enter into a Consent Order with the Department, providing for the imposition of disciplinary measures which are fair and equitable in the circumstances and which are consistent with the best interests of the People of the State of Illinois.

#### CONDITIONS

WHEREFORE, the Department, through Sherrie L. Shade, its attorney, and Julius Clyne, M.D., agree:

- A. Respondent's license shall be placed on Probation for a two (2) year period.
- B. Respondent shall not use any pre-signed prescriptions.
- C. That during the period of Probation, Respondent shall maintain a separate record or log of prescription(s) written or orally prescribed, along with patients' names and dates prescribed. The Department shall conduct random audits at least one (1) time every six (6) months of said record or log.

- D. That during the period of Probation, Respondent shall submit a quarterly personal statement confirming that he is no longer using any pre-signed prescriptions.
- E. Any violation by Respondent of the terms and conditions of this Consent Order shall be grounds for the Department to immediately file a Complaint to revoke the Respondent's license to practice as a Physician and Surgeon in the State of Illinois.
- F. This Consent Order shall become effective immediately after it is approved by the Director of the Department.

AMENDED ANSWER TO MOTION FOR  
EARLY TERMINATION OF PROBATION

Now comes the Illinois Department of Professional Regulation of the State of Illinois, through Diane M. Para, one of it's attorneys, hereby responds to Petitioner's Motion for Early Termination of his Probation as follows:

1. Petitioner fails to set forth any legal arguments, including case law and/or statutory references, to support the requested early termination of his Probation.
2. The facts alleged in Petitioner's motion are unsubstantiated by affidavit or other supporting documentation and, therefore, are merely speculation.
3. Probation is a matter of public record, and the consequences, thereof, are reasonably foreseeable upon entering into a Consent Order. Therefore, the difficulties experienced by Petitioner, while equitable arguments at best, do not present extenuating circumstances which would render his status egregious.
4. The agreement to accept Probation and the conditions thereof arose out of a Consent Order which was entered into by Petitioner as his free and voluntary act. He was aware of all said terms and requirements at the

outset, and, per his signed agreement, should fulfill the obligations as set forth.

5. Under the existing Consent Order, Petitioner expressly waived his right to an administrative review of said Order, as well as the right to contest any charges brought, the right to have pending allegations reduced to written charges, and the right to rehearing.
6. There is no new evidence presented in Petitioner's motion which should warrant any special circumstances or consideration of this case.
7. Any modification of said Probation would, in the Department's view, compromise the integrity of negotiated Consent Orders. However, any such modification would lie within the authoritative purview of the Director, who initially executed the Order.
8. For the foregoing reasons, the Department of Professional Regulation requests that Petitioner's Motion for Early Termination of his Probation be denied.

CONSENT ORDER

WHEREAS, Julius Clyne, M.D. of Belleville, Illinois, (hereinafter "respondent") has been issued license number 014263 to practice medicine and surgery by the Department of Public Health (hereinafter "the Department") pursuant to Chapter 370 of the General Statutes of Connecticut, as amended; and,

WHEREAS, on February 24, 1995, the Department of Professional Regulation, State of Illinois entered an Order (hereinafter "the Illinois Order," a true and complete copy of which is attached hereto marked as Attachment "A" and incorporated herein by this reference) imposing professional discipline against respondent's Illinois license based upon allegations that he used pre-signed blank prescriptions and allowed an employee social worker to write prescriptions. Such discipline consisted of a two year probationary period in which he is (1) prohibited from using any pre-signed prescriptions; (2) required to maintain a record of prescriptions, with the patients' names and the dates prescribed; (3) required to permit the Illinois Department to randomly audit his prescribing records at least one time every six months; and, (4) required to submit a quarterly personal statement confirming that he is no longer using any pre-signed prescriptions.

EXHIBIT

WHEREAS, the Department has received a copy of the Illinois Order, and has instituted an investigation based solely upon that Order; and,

WHEREAS, respondent hereby stipulates and agrees as follows:

1. Respondent does not contest the allegations set forth in Attachment "A" which formed the basis for the Illinois disciplinary action against him.
2. By his conduct as set forth in paragraph 1 above, respondent has violated the provisions of §20-13c(4) of the Connecticut General Statutes by failing to conform to the accepted standards of the practice of medicine; and,
3. Respondent is not presently practicing medicine in Connecticut.

NOW THEREFORE, pursuant to §19a-17 and §20-13e of the General Statutes of Connecticut, respondent hereby stipulates and agrees to the following:

1. Respondent hereby waives his right to a hearing on the merits of this matter.
2. In the event respondent fully complies with the terms and conditions of the Illinois Order before beginning practice in Connecticut, his license number 014263 to practice medicine and surgery in Connecticut is hereby placed on probation for a period of six (6) months from the date he commences practicing in this State.
3. In the event respondent begins practice in Connecticut before he has fully completed the terms and conditions of the Illinois Order, the term of his probation in Connecticut shall be six (6) months, plus the unexpired term of the Illinois Order.
4. While respondent's license is on probation in Connecticut, respondent shall comply with the following terms and conditions:

- A. Respondent shall submit written notification to the Department of any change in his employment and/or home address, and of his commencement of the practice of medicine in Connecticut with fifteen (15) days of any such change or event.
- B. Respondent shall maintain a record of all prescriptions, either written or ordered by phone, with the patients' names and the dates the medications were prescribed.
- C. Respondent shall obtain at his own expense, the services of a physician, licensed and practicing in the State of Connecticut and pre-approved by the Department (hereinafter "supervisor"), to conduct a monthly random review of twenty percent (20%) or fifteen (15) of respondent's records, including the above-referenced prescription log. In the event respondent has fifteen (15) or fewer patients, the supervisor shall review all of respondent's patient records.
- D. The supervisor shall have the right to monitor respondent's practice by any other reasonable means which he or she deems appropriate. Respondent shall fully cooperate with the supervisor in providing such monitoring.
- E. Respondent shall be responsible for providing written supervisor reports directly to the Department every month for the period of probation. Such supervisor's reports shall include documentation of dates of record reviews, number and a general description of records reviewed, and a statement that respondent is practicing with reasonable skill and safety.
- F. Respondent shall submit a quarterly sworn and notarized statement to the Department confirming that he is no longer using any pre-signed prescriptions, and that his social worker employee is no longer writing prescriptions.

5. All correspondence and reports are to be addressed to:

6. All reports required by the terms of this Consent Order shall be due according to the following schedule:
- a. Monthly reports shall be due the tenth business day of every month.
  - b. Quarterly reports shall be due the tenth business day of every third month.
7. The period of probation imposed by this Consent Order shall become effective on the date respondent begins practicing medicine in Connecticut.
8. Respondent shall fully comply with all state and federal statutes and regulations applicable to his license.
9. Violation of any of the terms of the Illinois Order shall be deemed a violation of this Consent Order.
10. Respondent agrees that the allegations as contained in this Consent Order and the Illinois order shall be deemed true in any subsequent proceeding before the Board in which (1) his compliance with this Consent Order is at issue, or (2) his compliance with §20-13c of the General Statutes of Connecticut, as amended, is at issue.
11. That any extension of time or grace period for reporting granted by the Department shall not be a waiver or preclude the Department from taking action at a later time. The Department shall not be required to grant future extensions of time or grace periods.
12. That, in the event respondent violates any term of this Consent Order, respondent agrees immediately to refrain from practicing as a physician, upon request by the Department, with

notice to the Board, for a period not to exceed forty-five (45) days. During that time period, respondent further agrees to cooperate with the Department in its investigation of the violation, and to submit to and complete a medical, psychiatric or psychological evaluation, if requested to do so by the Department; and, that the results of the evaluation shall be submitted directly to the Department. Respondent further agrees that failure to cooperate with the Department in its investigation during said forty-five (45) day period shall constitute grounds for the Department to seek a summary suspension of respondent's license. In any such summary action, respondent stipulates that his failure to cooperate with the Department's investigation shall constitute an admission that his conduct constitutes a clear and immediate danger as required pursuant to Connecticut General Statutes, sections 4-182(c) and 19a-17(c).

13. That, in the event respondent violates any term of this Consent Order, said violation may also constitute grounds for the Department to seek a summary suspension of his license before the Board.
14. That this Consent Order and terms set forth herein are not subject to reconsideration, collateral attack or judicial review under any form or in any forum. Further, that this Consent Order is not subject to appeal or review under the provisions of Chapters 54 or 368a of the General Statutes of Connecticut, provided that this stipulation shall not deprive respondent of any rights that he may have under the laws of the State of Connecticut or of the United States.
15. That this Consent Order is a revocable offer of settlement which may be modified by mutual agreement or withdrawn by the Department at any time prior to its being executed by the last signatory.
16. That respondent permits a representative of the Legal Office of the Bureau of Regulatory Services of the Department to present this Consent Order and the factual basis for this Consent

Order to the Board. Respondent understands that the Board has complete and final discretion as to whether an executed Consent Order is approved or accepted.

17. That respondent understands and agrees that he is responsible for satisfying all of the terms of this Consent Order during vacations and other periods in which he is away from his residence.
18. That respondent has the right to consult with an attorney prior to signing this document.
