

Physician and Surgeon License on Indefinite Probation for a period of four (4) years, with conditions. Specifically, Petitioner agreed to taking and passing the Ethics and Boundaries Post-License Essay Examination (hereinafter "E&B Essay Exam") within twelve (12) months of said Probation, subject to automatic suspension for violation of the 2013 Consent Order's terms. (Department Exhibit C).

In November 2014, the previous Director entered an order indefinitely suspending Petitioner's Physician and Surgeon License for a minimum of twelve (12) months after receipt of an affidavit from the Department's probation compliance monitor that Petitioner was in violation of the 2013 Consent Order because he had not passed the E&B essay exam as required. (Department Exhibit A). In November 2015, Petitioner filed a Petition for Restoration of his Physician and Surgeon License from suspended status. Following a formal hearing held in September 2016, Administrative Law Judge Erik D. Gruber ("ALJ") issued a Report ("ALJ Report") detailing his Findings of Fact and Conclusions of Law, and recommended that Petitioner's Petition for Restoration of his Physician and Surgeon license be denied based upon failure to demonstrate sufficient rehabilitation to warrant the public trust. The ALJ summarized his findings by stating "Petitioner's failure to pass that exam and his activities surrounding that exam strongly indicate that Petitioner has not yet been rehabilitated such that his Physician License should be restored at this time." (ALJ Report Pg. 19). The activities surrounding the exam included testimony from the Petitioner himself stating that although he had twelve (12) months to pass the exam, he did not attempt to take it until he had only two months remaining. (Tr. Pg. 84). Moreover, Petitioner testified he scored higher than his examination results indicate. (Tr. Pg. 88 and Department Exhibit D). It is noted that the Department allowed Petitioner additional time after the initial twelve (12) months had elapsed to take the exam prior to initiating formal proceedings for violation of probation.

In December 2016, the Medical Disciplinary Board (“Board”) deliberated on this matter and adopted the Findings of Facts, Conclusions of Law, and Recommendation contained in the ALJ Report, recommending that the Petitioner’s Petition for Restoration of his Physician and Surgeon License be denied. On January 9, 2017, the Department issued a 20-Day Notice and attached the ALJ Report and Board’s Findings of Fact, Conclusions of Law and Recommendation to the Director. Following the filing of the 20-Day Notice, on February 17, 2017, Petitioner filed his Exceptions and Motion for Rehearing and Reconsideration which included argument that although the Consent Order was per se violated, that the condition itself, namely the condition that Petitioner pass the E & B essay exam was not fair nor a requirement to reinstatement of licensure. The Department filed its Response on March 17, 2017, claiming that Petitioner by his own volition accepted the second Consent Order that contained the automatic suspension language for violation of any of its provisions, and further, failed to prove by a preponderance of the evidence that he has been sufficiently rehabilitated to warrant the public trust such that his Physician and Surgeon License should be restored.

NOW THEREFORE, I, Jessica Baer, Director of the Division of Professional Regulation of the Department of Financial and Professional Regulation of the State of Illinois, after a review of the record and consideration of the Petitioner’s Petition for Restoration and Exceptions and Motion for Rehearing and Reconsideration, have determined the following:

1. I have jurisdiction over the parties and the subject matter herein;
2. I accept the Findings of Fact, Conclusions of Law, and Recommendation as set forth in the ALJ Report and subsequently adopted by the Board.
3. That oral arguments on Petitioner’s Exceptions and Motion for Rehearing and Reconsideration are not necessary for a clearer understanding of the issues presented;
4. That substantial justice has been done in this case;

WHEREFORE, IT IS HEREBY ORDERED that Petitioner's Exceptions and Motion for Rehearing and Reconsideration be DENIED.

IT IS FURTHER ORDERED, that Petitioner's Petition for Restoration be DENIED. Should Petitioner request to re-take the EBAS essay examination, the Department will authorize his re-take of the examination.

DATED THIS 10 DAY OF October, 2017.
