 - (ii) Unprofessional conduct in the practice of medicine[.]

On September 9, 2020, Panel A was convened as a Disciplinary Committee for Case Resolution ("DCCR") in this matter. Based on negotiations occurring as a result of this DCCR, the Applicant agreed to enter into this Consent Order, consisting of Findings of Fact, Conclusions of Law and Order.

FINDINGS OF FACT

Panel A finds:

I. The Application

1. The Applicant specializes in the practice of psychiatry.
2. On or about March 7, 2019, the Applicant submitted to the Board an Application for Initial Medical Licensure (the "Application").

3. The Applicant answered “YES” to “Character and Fitness” question 16B, which states:

16b. *“Has a state licensing or disciplinary board (including Maryland), a comparable body in the armed services, or the Veterans Administration, ever taken action against your license? Such actions include, but are not limited to, limitations of practice, required education admonishment or reprimand, suspension, probation or revocation.”*

4. Based on the Applicant’s affirmative response in his Application, the Board initiated an investigation of the Applicant.

II. The Investigation

5. The Board initiated an investigation into the Applicant’s representations in his Application and determined that he was subject to prior disciplinary actions by the Pennsylvania Medical Board (the “Pennsylvania Board”).

Suspension, Pennsylvania Board (2016)

6. On or about July 24, 2002, the Pennsylvania Board initially licensed the Applicant to practice medicine in the State of Pennsylvania.

7. On or about May 24, 2016, the Pennsylvania Board entered into a Consent Order (the “Order”) with the Applicant suspending his license to practice medicine indefinitely, for a minimum of nine months, and effective thirty days from the date of adoption of the Order. In the Order the Applicant admitted that in approximately 2013 he engaged in a sexual relationship with a former patient (the “Patient”) that he treated for anxiety and depression from approximately 2007 through 2009. In approximately September 2014, after the relationship had ended, the Patient filed a complaint against the Applicant with the Pennsylvania Department of State.

8. During the period of suspension, the Applicant was required to undergo an evaluation assessing his fitness to practice medicine and comply with any recommendations therefrom. In addition, the Applicant was required to complete coursework in medical ethics, boundaries, and professionalism.

9. On or about May 31, 2018, the Pennsylvania Board issued a Final Order reinstating the Applicant's license to practice medicine in the State of Pennsylvania.

CONCLUSIONS OF LAW

Based on the foregoing findings of fact, Disciplinary Panel A concludes as a matter of law that the Applicant was disciplined by a licensing or disciplinary authority for acts that, if committed in Maryland, would be grounds for disciplinary actions under Health Occ. §14-404(a), in violation of Health Occ. § 14-404(a)(21). The underlying grounds for action under Health Occ. § 14-404(a)(21), if committed in Maryland, include the following provisions of Health Occ. § 14-404(a): (3)(i), is guilty of immoral conduct in the practice of medicine; (ii) is guilty of unprofessional conduct in the practice of medicine.

If the disciplinary panel determines there is a genuine dispute as to a material fact, the hearing shall be before an Administrative Law Judge of the Office of Administrative Hearings followed by an exceptions process before a disciplinary panel; and if the disciplinary panel determines there is no genuine dispute as to a material fact, Dr. Censits shall be given a show cause hearing before a disciplinary panel; and it is further

The Executive Director or her designee signs the Consent Order on behalf of the disciplinary panel which has imposed the terms and conditions of this Consent Order; and it is further
