FINAL ORDER DENYING RECONSIDERATION

On October 11, 2006, the Michigan Board of Medicine, hereafter Board, issued a Final Order Granting Reinstatement, which granted Fred Woolley Stelson, M.D., hereafter Petitioner, a limited license to practice medicine for a minimum period of one year, and placed Petitioner on concurrent probation. The terms of the limitation require Petitioner to practice under the general supervision of a Board-approved supervising physician.

On June 4, 2007, Petitioner requested reconsideration of the Final Order, pursuant to 1996 AACRS, R 338.1633.

On July 23, 2007, the Department of Attorney General, Licensing and Regulation Division, on behalf of the Department of Community Health, Bureau of Health Professions, filed the State's Opposition to Request for Reconsideration.

The Board, having reviewed the request for reconsideration and response, considered the within matter at a regularly scheduled meeting held in Lansing, Michigan, on September 12, 2007. Now therefore,

IT IS HEREBY ORDERED that Petitioner's request for reconsideration is DENIED as the terms of the Final Order are appropriate to address the Board's concerns regarding Petitioner's past practice and to safeguard the public.

IT IS FURTHER ORDERED that this order shall be effective on the date signed by the Board Chairperson or authorized representative as set forth below.
