Dear Dr. Kho:

The North Carolina Medical Board ("Board") has concluded its investigation related to the action taken against your Pennsylvania medical license by the *Commonwealth of Pennsylvania's Bureau of Professional and Occupational Affairs* ("Pennsylvania Board") related to the Consent Order with the Pennsylvania Board dated April 16, 2024. It is the Board's decision not to continue formal proceedings against your North Carolina medical license at this time. However, the Board voted to issue you this public letter of concern. The Board does not consider this Public Letter of Concern to be a disciplinary action or a limitation or probation or restriction on your North Carolina medical license.

On April 16, 2024, the Pennsylvania Board executed a Consent Agreement in which your Pennsylvania license was suspended for fifteen (15) months based on unprofessional conduct. This suspension was immediately stayed upon multiple conditions of probation including the completion of thirty (30) hours of remedial continued medical education on topics of ethics, anger management, and standard of care for psychiatrists. The conditions were satisfied by you, and the Consent Agreement expired on July 16, 2025.

The Board notes your North Carolina license was inactivated on February 11, 2021, for failure to renew. You may apply for reinstatement with the North Carolina board, and should you choose to do so, you must first apply for reinstatement pursuant to 21 NCAC 32B .1350. Please be advised that the Board is under no obligation to approve any future application for reinstatement, and by consenting to this Letter of Public Concern, the Board may use this letter, and the findings contained herein in consideration of approval or denial of any such future application.

This Public Letter of Concern is a public record within the meaning of Chapter 132 of the North Carolina General Statutes and is subject to public inspection and dissemination as required by that law. It will be reported to the Federation of State Medical Boards.

Sincerely,

Devdutta G. Sangvai, M.D., J.D., MBA
