STATE BOARD OF MEDICAL EXAMINERS

IN THE MATTER OF

DONALD OH, M.D.
LICENSE NO. 25MA02811600
CDS REG. NO. D01818200

TO PRACTICE MEDICINE AND SURGERY
IN THE STATE OF NEW JERSEY

Administrative Action

AMENDED INTERIM CONSENT ORDER

This matter was most recently opened to the New Jersey State Board of Medical Examiners ("Board") upon receipt of information that Donald Oh, M.D. ("Respondent") may have been engaged in the indiscriminate prescribing of Controlled Dangerous Substances ("CDS") and improper record keeping practices, which could provide the basis for Board action under N.J.S.A. 45:1-21(e), (m), and/or (h).

On June 2, 2025, an Interim Consent Order was filed with the Board. Pursuant to that Order, Respondent agreed to undergo a full evaluation and assessment by the LifeGuard Program ("LifeGuard"), of his knowledge of, and ability to, safely prescribe CDS for the treatment of psychiatric and substance abuse disorders. Additionally, Respondent agreed to have his practice

of medicine, with a specific emphasis on his prescribing of CDS, monitored by LifeGuard through weekly randomized chart reviews and at least one on-site visit per month. Further, Respondent agreed, if recommended by LifeGuard, to fully and satisfactorily comply with any recommendations that LifeGuard may make, including but not limited to, recommendations regarding practice restrictions, continued practice monitoring, and/or educational programs. Last, Respondent agreed to successfully complete Board-approved coursework in record keeping.

Respondent completed LifeGuard's evaluation and assessment, and a Final Report was provided to the Board on August 13, 2025. Based on the findings and evaluations, LifeGuard recommended that Respondent engage in remedial activities, including but not limited to, completing additional educational coursework and participating in weekly practice monitoring and monthly on-site visits as directed by the Interim Consent Order.

From September 15, 2025 to date, Respondent has participated with weekly practice monitoring, and weekly monitoring reports have been submitted to the Board. In addition, an on-site visit took place on October 16, 2025.

The Board, having reviewed LifeGuard's Final Report and weekly monitoring reports, and upon consideration of LifeGuard's recommendations, determines that the following modification of the Interim Consent Order is adequately protective of the public health, safety, and welfare, and for other good cause having been shown;

IT IS on this 4th day of FEBRUARY, 2026

ORDERED AND AGREED that:

1. Respondent shall participate in monthly practice monitoring with LifeGuard, which includes a monthly randomized review of twenty-five (25) patient charts by LifeGuard and at least one teleconference meeting, via Zoom or Microsoft Teams, with LifeGuard per month.

2. All other terms and conditions of the Interim Consent Order, dated June 2, 2025, remain in effect until further Order of the Board.

NOTICE OF REPORTING PRACTICES OF BOARD REGARDING DISCIPLINARY ACTIONS

All Orders filed by the New Jersey State Board of Medical Examiners are "government records" as defined under the Open Public Records Act and are available for public inspection, copying or Examination. See N.J.S.A. 47:1A-1, et seq., N.J.S.A. 52:14B-3(3). Should any inquiry be made to the Board concerning the status of a licensee who has been the subject of a Board Order, the inquirer will be informed of the existence of the Order and a copy will be provided on request. Unless sealed or otherwise confidential, all documents filed in public actions taken against licensees, to include documents filed or introduced into evidence in evidentiary hearings, proceedings on motions or other applications conducted as public hearings, and the transcripts of any such proceedings, are "government records" available for public inspection, copying or examination.

Pursuant to N.J.S.A. 45:9-22, a description of any final board disciplinary action taken within the most recent ten years is included on the New Jersey Health Care Profile maintained by the Division of Consumer Affairs for all licensed physicians. Links to copies of Orders described thereon are also available on the Profile website. See http://www.njdoctorlist.com.

Copies of disciplinary Orders entered by the Board are additionally posted and available for inspection or download on the Board of Medical Examiners' website.

Pursuant to federal law, the Board is required to report to the National Practitioner Data Bank (the "NPDB") certain adverse licensure actions taken against licensees related to professional competence or conduct, generally including the revocation or suspension of a license; reprimand; censure; and/or probation. Additionally, any negative action or finding by the Board that, under New Jersey law, is publicly available information is reportable to the NPDB, to include, without limitation, limitations on scope of practice and final adverse actions that occur in conjunction with settlements in which no finding of liability has been made, Additional information regarding the specific actions which the Board is required to report to the National Practitioner Data Bank can be found in the NPDB Guidebook issued by the U.S. Department of Health and Human Services in April 2015. See http://www.npdb.hrsa.gov/resources/npdbguidebook.pdf.

Pursuant to N.J.S.A. 45:9-19.13, in any case in which the Board refuses to issue, suspends, revokes or otherwise places conditions on a license or permit, the Board is required to notify each licensed health care facility and health maintenance organization in this state with whom he or she is directly associated in private medical practice.

In accordance with an agreement with the Federation of State Medical Boards of the United States, a list of all disciplinary orders entered by the Board is provided to the Federation on a monthly basis.

From time to time, the Press Office of the Division of Consumer Affairs may issue press releases including information regarding public actions taken by the Board.

Nothing herein is intended in any way to limit the Board, the Division of Consumer Affairs or the Attorney General from disclosing any public document.
