**Re: Investigation Case No. 2012-D-011**  
**License No. 95-244**  
**Letter of Reprimand**

Dear Dr. Gilmour:

The New Mexico Medical Board held their quarterly meeting on August 9-10, 2012. The above-referenced case was presented to the Board by the Complaint Committee.

After a thorough review by the Complaint Committee of all information and facts gathered during the investigation, they recommended to the full Board, which the Board accepted, that you be offered a formal letter of reprimand. This letter of reprimand is based on your prescribing of controlled substances in contravention of the Medical Practice Act, and commonly accepted medical ethics. Based upon these facts, the Board found sufficient evidence to charge you with violations of the Medical Practice Act for injudicious prescribing.

If you decide not to accept this reprimand, the Board will then issue a Notice of Contemplated Action ("NCA") based on the same allegations, and you will be entitled to a hearing. A NCA is the Board's charging document.

You should note that this action is a public action taken by the Board. As such, it must be reported to the national data banks and is a matter of public record. If you choose to accept this action, please sign and return this Reprimand letter no later than September 4, 2012. If we do not hear from you by September 4, 2012, then the Board will proceed with the issuance of a NCA and the case will be turned over to the Board's Prosecutor.

If you have any questions, please do not hesitate to contact Daniel Rubin, Administrative Prosecutor at (505) 476-7223.

Sincerely,

Lynn S. Hart  
Executive Director
