DETERMINATION

AND

ORDER

BPMC #07-19

A hearing was held on January 17, 2007, at the offices of the New York State Department of Health ("the Petitioner"). A Notice of Referral Proceeding and a Statement of Charges, both dated November 30, 2006, were served upon the Respondent, **Alexander Braver, M.D.** Pursuant to Section 230(10)(e) of the Public Health Law, **Donald Cherr, M.D.**, Chairperson, **Edmund A. Egan, II, M.D.**, and **Mr. Henry Sloma**, duly designated members of the State Board for Professional Medical Conduct, served as the Hearing Committee in this matter. **John Wiley, Esq.**, Administrative Law Judge, served as the Administrative Officer.

The Petitioner appeared by **Donald P. Berens, Jr., Esq.**, General Counsel, by **Robert Bogan, Esq.**, of Counsel. The Respondent appeared at the hearing and was represented by **Charles L. Emma, Esq.**

Evidence was received and transcripts of these proceedings were made.

After consideration of the entire record, the Hearing Committee issues this Determination and Order.

BACKGROUND

This case was brought pursuant to Public Health Law Section 230(10)(p). The statute provides for an expedited hearing when a licensee is charged solely with a

violation of Education Law Section 6530(9). In such cases, a licensee is charged with misconduct based upon a prior criminal conviction in New York State or another jurisdiction, or upon a prior administrative adjudication regarding conduct that would amount to professional misconduct, if committed in New York. The scope of an expedited hearing is limited to a determination of the nature and severity of the penalty to be imposed upon the licensee.

In the instant case, the Respondent is charged with professional misconduct pursuant to Education Law Section 6530(9)(a)(i). Copies of the Notice of Referral Proceeding and the Statement of Charges are attached to this Determination and Order as Appendix 1.

WITNESSES

For the Petitioner:

None

For the Respondent:

Alexander Braver, M.D.

FINDINGS OF FACT

The following Findings of Fact were made after a review of the entire record in this matter. Numbers below in parentheses refer to exhibits, denoted by the prefix "Ex." These citations refer to evidence found persuasive by the Hearing Committee in arriving at a particular finding. Conflicting evidence, if any, was considered and rejected in favor of the cited evidence. All Hearing Committee findings were unanimous.

1. Alexander Braver, M.D., the Respondent, was authorized to practice medicine in New York State on June 20, 1995, by the issuance of license number 199890 by the New York State Education Department (Petitioner's Ex. 4).

2. On June 15, 2006, in the Criminal Court of the City of New York, County of Kings, the Respondent was found guilty, based on a plea of guilty, of Attempted Grand Larceny in the Fourth Degree, in violation of New York Penal Law Sections 110 and

155.30, a class A misdemeanor, and was sentenced to three years probation, \$28,000.00 restitution, and a five percent surcharge (Petitioner's Ex. 5).

VOTE OF THE HEARING COMMITTEE

SPECIFICATION

"Respondent violated New York Education Law Section 6530(9)(a)(i) by having been convicted of committing an act constituting a crime under New York state law..."

VOTE: Sustained (3-0)

HEARING COMMITTEE DETERMINATION

The Respondent was convicted of Attempted Grand Larceny in the Fourth Degree. The conviction was based in large part on the services that the Respondent provided to an undercover investigator for the New York Attorney General's Medicaid Fraud Control Unit. The investigator, posing as a Medicaid recipient, received psychiatric services from the Respondent on several occasions. For most of these visits, the investigator was in the presence of the Respondent for eight minutes or less. The Respondent, however, billed the Medicaid Program using a billing code for the provision of at least 37 minutes of psychotherapy.

The Respondent testified that these overbillings occurred because he forgot to tell his billing agent that these visits were for shorter time periods than the 37 or more minutes that constituted the length of the typical psychotherapy session for his practice. The billing agent, therefore, mistakenly used the billing code for a typical session, the code for 37 or more minutes.

The Respondent's argument is rejected. The Respondent was convicted of Attempted Grand Larceny in the Fourth Degree. One of the elements of grand larceny and attempted grand larceny is that there be "intent to deprive another of property" wrongfully (Penal Law Section 155.05[1]). There is no such thing as careless or

unintentional larceny. Public Health Law Section 230(10)(p) prohibits this Hearing Committee from considering any defense that constitutes a denial of any element underlying a criminal conviction. The Respondent's argument is, in effect, a denial of an element of the crime for which he was convicted. Therefore, the Hearing Committee rejects the Respondent's claim that he did not overbill the Medicaid Program with the intention of obtaining reimbursement wrongfully.

The Respondent also complained that the undercover investigator framed him. This argument also is rejected. The undercover investigator tricked the Respondent into thinking that the investigator was a Medicaid recipient, but he did not trick the Respondent into using the wrong billing code. The Respondent made that decision without any help from the investigator.

The conviction was also based on a charge that the Respondent billed for more sessions of psychotherapy than could have been provided during his office hours. The Respondent testified that he did not bill for more sessions than he provided. This argument is rejected because it amounts to a denial of guilt for the crime for which the Respondent was convicted.

The Petitioner recommended revocation of the Respondent's license or any other sanction sufficient to protect the public. Because there were no quality of care issues in this case and because the Respondent has a history of service to the community both in the United States and in his native land, his license will not be revoked. However, his criminal acts and his lack of candor about them during the hearing merit a serious sanction. The Respondent's license will be suspended for three years.

ORDER

IT IS HEREBY ORDERED THAT:

1. The license of the Respondent to practice medicine in New York State is suspended for three years. In order to allow for the safe and orderly transfer of patient care to other physicians, the suspension will commence thirty days after the effective date of this Order.

2. This Order shall be effective upon service on the Respondent in accordance with the requirements of Public Health Law Section 230(10)(h).
