Respondent did not successfully pass CPEP Probe on his first attempt in

September of 2021. The First Consent Order provided that Respondent's failure to satisfy this requirement "shall result in the suspension of Respondent's license effective January 1, 2022."

3. On June 25, 2021, Respondent executed a subsequent consent order relative to Complaint No. 210009, which consent order was ratified on July 14, 2021 ("Second Consent Order"). Pursuant to the Second Consent Order, Respondent agreed to the suspension of his license for five years, with the provision that all but six weeks of the suspension would be stayed "provided Respondent registers for an evaluation of his clinical competency by Center for Personalized Education for Physicians ("CPEP") or Lifeguard Physician Services ("Lifeguard") within 90 days of the ratification of [the Second Consent Order]." Among other things, Respondent also agreed to "complete an additional 80 hours of Category 1 approved CME within 12 months of ratification of [the Second Consent Order]." Respondent has not satisfied the conditions of this requirement thus far.

licensure and seek approval of the Board for reinstatement. Respondent agrees not to seek reinstatement until such time that he is able to present proof of having met all outstanding requirements of the First and Second Consent Order.
