BEFORE THE
TEXAS STATE BOARD
OF MEDICAL EXAMINERS

ORDER

On this the 5th day of April 2002, came to be heard before the Texas State Board of Medical Examiners (hereinafter "the Board"), duly in session the matter of the license of Wayne Charles Jones, M.D. (hereinafter "Respondent"). On February 15, 2002, Respondent appeared in person, without counsel, before representatives of the Board to report on and address issues related to Respondent's compliance with the terms and conditions of an Agreed Order (hereinafter "Order") entered on May 19, 2000, pertaining to Respondent's Texas medical license D-6049, and to petition the Board for modification of the Order. Jon Porter represented Board staff.

David E. Garza, D.O., a Board member and Peter D. Scholl, M.D., a District Review Committee member, represented the Board at Respondent's appearance. Upon recommendation of the Board's representatives, the Board makes the following Findings of Fact and enters this Order as set forth herein:

FINDINGS OF FACT

A. On May 19, 2000, the Board entered an Order restricted Respondent's Texas medical license for three (3) years under various terms and conditions, based on the following Findings of Fact:

1. Respondent Wayne C. Jones, M.D., holds Texas Medical license D-6049.
2. The Board has jurisdiction over the subject matter and Respondent. Respondent received all notice which may be required by law and by the rules of the Board. All jurisdictional requirements have been satisfied.
3. Respondent is certified by the American Board of Psychiatry and Neurology.
4. Respondent is fifty-seven (57) years of age.

5. Respondent failed to keep adequate medical records for patients he was treating for substance abuse and attention deficit disorder.
6. Respondent failed to thoroughly document his rationale for administration of dangerous drugs utilized in the care and treatment of his patients.
7. Respondent failed to thoroughly document his rationale for his therapies and treatment utilized in the care and treatment of his patients.
8. Respondent has improved documentation of medical records following the beginning of the Board's investigation.
9. Respondent has recently been certified as qualified in the field of clinical psychopharmacology by the American Society of Clinical Psychopharmacology.

B. Respondent has served one and three-fourths (1¾) years under the three (3) year Order. On February 15, 2002, the Board's representatives found the following:

1. Respondent appeared to be in full compliance with the terms and conditions set forth by the Order.
2. Respondent stated he made significant changes to his medical practice after the Board's investigations, but prior to the Order. The monitoring provision has only improved his practice somewhat and is burdensome to the monitor.
3. Respondent has fulfilled the requirements of his Order in a timely manner and cooperated with the Board and Board staff during the period of his probation, pursuant to Section 187.38(d)(4).

C. Based on the above Findings of Fact and information available on February 15, 2002, the Board's representatives recommend that the Respondent's petition for modification of the Order be granted as follows:

1. Paragraph one (1) on page three (3) of the Order requires Respondent's medical practice shall be monitored monthly by a licensed Texas physician. This should be modified to have his medical practice monitored quarterly.

ORDER

Based on available information, the above Findings of Fact, and the recommendations of the Board's representatives, the Board ORDERS that the Respondent's request for modification is hereby GRANTED as follows:

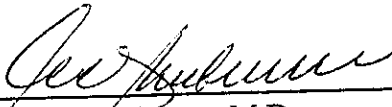

1. Paragraph one (1) on page three (3) of the Order shall be modified as follows:

"1. Respondent's medical practice shall be monitored quarterly by Dr. Richard Jaeckle to insure Respondent is properly maintaining adequate medical records on all patients, and that he is keeping complete and accurate records of purchases and disposals of drugs listed in Chapter 481, Health and Safety Code or of controlled substances scheduled in the Federal Comprehensive Drug Abuse Prevention and Control Act of 1970, 21 U.S.C.A. Section 801 et. Seq.

All other provisions of the May 19, 2000 Order remain in full force and effect until superseded by a subsequent Order of the Board.

THIS ORDER IS A PUBLIC RECORD.

SIGNED AND ENTERED by the presiding officer of the Texas State Board of Medical Examiners on this 5th day of April 2002.

Lee S. Anderson, M.D.
President, Texas State Board of
Medical Examiners
